Attention: Mr. Jon Burdick

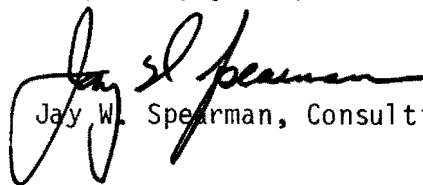

Ref: Your Letter of 10/10/84

Dear Jon:

I have compared the agreement line described in the enclosed judgement with my previous site plan 82-25, dated December 20, 1982, Enclosure 2. The agreement line is marked in red. Distances can be scaled on the drawing. The difference in the north-south direction seems to be about 11.8 feet at the property corner in the Duwamish Waterway. I am not a surveyor. If you wish to investigate this situation in greater detail, I would suggest you contact Harstad Surveyors, who originally surveyed the site.

If I can be of any further assistance, please let me know. If any further survey work is conducted please keep me informed so I may revise the property line on the site plan drawing.

Very truly yours,

Jay W. Spearman, Consulting Engineer
